Subject: Hoosick Web inquiry

Hi Justin,

We received the following inquiry via our online Region 2 Web submission form. We believe this would be best addressed by NYSDOH. Would you be able to follow up with Ms. [REDACTED] the email address below this week? Please let me know. Thank you, Larisa

Comments: I have been hearing about the tainted drinking water in Hoosick Falls, NY. My husband and I purchase beer from Brown's Brewing which has a bottling facility and brewpub in that area. Do you know if the water they use to brew their products is the same water that has been identified as unsafe?

Subject: EPA correspondence - Hoosick Falls residents requesting private well sampling

As a follow up to my discussion with Justin this afternoon, in the last few days EPA has received a number of inquiries from Hoosick Falls residents who would like to have their private well sampled. In response, EPA has provided the contact information for Albert that was listed in our FAQ fact sheet. We also indicated that we would share their request with you. Please see the four emails listed below. We anticipate we will continue to receive these inquiries and will continue to pass along the information that we receive.

If you have any questions, or would like to discuss further, please let me know.

Thank you, Larisa

Subject: Hoosick Falls PFOA issue

Hello,
I live just outside the Village of Hoosick Falls and have my own well.

Can you point me in the right direction to get my water tested for PFOAs?

Thank you,

518- [REDACTED]

Subject: Well testing Hoosick

Hi Larisa

My name is [REDACTED] and beleave I'm the 1st house north of the village with a private well. I'm looking for information on having my water tested. The old land fill is I'm guessing about 1/4 mile from me. My concern is this could be source of all the problems. Please contact me at 518- [REDACTED] or thru this email.

Thanks [REDACTED] Ex. 6

Subject: PRIVATE WELL WATER TEST
Importance: High

Hello,
I live in Hoosick Falls and I am very concerned about the water situation. I would like to have my water tested. Do you recommend a place I can drop off a water sample to be tested for PFOA and are there costs associated with this test?
Thank you,
[REDACTED]

Subject: water test

Hello Larisa,
I need water testing on three different properties that I own in the Town of Hoosick. They differ in type and location. They represent Village/Town/Sewer/Septic applications. See list below for property locations and descriptions.

Residence [REDACTED] Hoosick Falls, NY 12090 120ft drilled well Septic

Apt house [REDACTED] Hoosick Falls, NY 12090 Municipal water supply Sewer

Business [REDACTED] NY Rte 22 North Hoosick, NY 12133 Municipal water supply Sewer
This location is near the northern end of the water line from the village.

Please let me know how to proceed with testing these properties. Also can you tell me what else the water will be tested for other than PFOA's?

Thanks, David Delurey
